Start dates of the above courses for the year 2009: January 05, February 02, March 02, March 30, April 27, May 25, June 22, July 20, August 17, September 14, October 13, November 09, December 07

(In addition to these dates, we can accept students starting on any Monday, although we recommend starting on the start dates above.)

ESL courses at E.L.T.C. are designed to make your learning stimulating and effective. By using contemporary textbooks, television / radio programs, and newspapers, our expert teachers will help you to improve your English skills. The courses focus on practical English that you can use immediately in your daily life, or at work.

In the Intensive Course and Super Intensive Course, the optional classes enable you to spend more time on topics of special interest to you. Optional classes include Vocabulary & Essential Expressions, Listening & Conversation, and TOEIC or TOEFL Preparation, (for the Super Intensive Course).

We also have a unique tutorial class to meet your need for extra help. You are not obligated to attend this one hour class every day, but when you need extra help with your homework or even just friendly conversation, you can attend this class. One of our instructors is there to help you. This class is free to all students attending Core, Intensive, or Super Intensive Courses.
